

Summer Program Swim Policy

Swim Lessons/Recreational Swim: Swimming is an integral part of our summer camp experience. Swim lessons are offered to all campers in addition to recreational swim at both our Providence Street and Camp Kinneywood locations. We encourage all girls to participate in swim lessons as it is a wonderful opportunity to learn additional water safety and stroke development skills. All Girls Inc. lifeguard and water safety instructors are Red Cross Certified.

Lane assignments: Please note that the lane assignments at our indoor pool and at our pond at Camp Kinneywood are different based on the size and depth of the water area. If you have any questions about your child's lane placement please speak with one of our lifeguards.

Boats & Kayaks: The opportunity to experience boating is offered at Camp Kinneywood. All girls are eligible to use the row boats with staff supervision. Kayaks are reserved for those girls who have achieved level three or higher in water safety and stroke development skills as determined by Girls Inc. Water Safety Instructors.

Lifejackets: Lifejackets are mandatory for all boating participants.

Safety Is Our Number One Priority!!!
